

MODEL MF-7700G2

7 kW

MIGHTYFORCE[®]
MOBILE INTERFACE TECHNOLOGY
360offGrid™

Features & Benefits

- ▶ Compact & Clean Design
- ▶ Single Person Setup
- ▶ Instant Operation
- ▶ NO Noise
- ▶ NO Pollution
- ▶ NO Odor
- ▶ Portable; Fits Through Standard Doorways & in the Back of a Truck
- ▶ Emergency Stop Button
- ▶ Equipped with NEVERDIE[®] BMS Technology by Lithionics Battery
- ▶ Fire Proof
- ▶ 5" Solid Rubber Tires
- ▶ Remote Monitoring System**
- ▶ OneStop GPS system**

Powered by Lithium-ion Technology

Specifications

| | |
|---------------------------------|--|
| Rated Output | 7.1 kW Pure Sine Wave Inverter (Surge rating: 12 kW peak 5 sec) |
| Storage | 7.74 kWh (7.1 kWh usable) Battery Type: Lithium-Ion NEVERDIE [®] TECHNOLOGY |
| AC Output | Single Phase 120V @ 20A for 1:15 hr Continuous (20A All circuit) |
| Outlets | 3 x 120VAC 20 Amp Receptacles 3 x 20 Amp Circuits 4 x 5 VDC USB 3.0 Receptacles |
| AC Charging | 2 x 120VAC 15 Amp receptacle (NEMA 5-15P type) Recharge time @ 30 Amps (120V) is 2 hrs Recharge time @ 15A (120V) is 3.9 hrs |
| DC Charging | Input: Port Fit Furrion Solar Panel Max Operating Input Voltage PV: 150 VDC Max Input Short Circuit Current: 20 Amps DC |
| Operating Temperature | Discharging: -28°F up to 113°F Charging: 32°F up to 113°F |
| Mechanical Specification | Weight: 287 lbs. Four wheel (two stationary, two swivel) Enclosure - 31L" x 21W" x 31H" Shipping – 33L" x 25W" x 33H" |

Equipped with
NEVERDIE[®]
LITHIUM-ELECTRONICS - LITHIONICS BATTERY

Li⁺
LITHIONICS BATTERY[®]
